GERMAN PROPOSAL IS REJECTED; LUSITANIA QUESTION ON ROCKS

NOTE IS HELD TO BE UNSATIS-
FACTORY TOWARD AMER-
ICAN DEMANDS.

Ambassador Bernstorff Will Try
Again—Will Confer Today With
Secretary Lansing in the Hope of
Arriving at a Conclusion That Will
Be Agreeable to All.

WASHINGTON, Jan. 25.—The United States is understood to have rejected as being partially unsatisfactory Germany's latest proposal in the Lusitania negotiations. Secretary Lansing with the approval of President Wilson, is said to have so informed Count von Bernstorff, the German ambassador, during a conference at the state department.

The ambassador will confer again with the secretary today. It is understood he will then submit another confidential tentative proposal for a settlement, having embodied in it the requirements of the United States. After being considered by the president and Secretary Lansing, the matter unless present plans miscarry, will be transmitted to Berlin for the approval or disapproval of the German government.

Accountability Insisted On.
Five or six days may lapse before it is known whether the Berlin foreign office will assume a view which coincides with the administration.

It is considered probable that the ambassador may forward some recommendations with the tentative form of settlement, which, it is said, will contain every point for which the United States has for so long contended.

In many particulars the suggested form of agreement designed to conclude the controversy, which was submitted through the ambassador, is acceptable. It was said, by excellent authority, however, that the United States insists on holding the German government to a "strict accountability" for the loss of more than 100 American lives and desires that the Berlin government admit, in effect, that it is liable according to law for the lives of neutrals lost in the commission of an act against a vessel of the enemy.

Camel CIGARETTES

will delight your fancy in many new ways. The blend of choice Turkish and choice Domestic tobaccos does away with tongue-bite and throat-parch and leaves no unpleasant cigaretty aftertaste, no matter how many you smoke! Smokers quickly realize that the absence of coupons or premiums is due to the cost of the tobaccos. You compare Camels with any cigarette for quality, flavor, aroma; for satisfying "body"—for anything any cigarette ever did offer you! You'll prefer Camels to straight Turkish, or straight Domestic, or any cigarette you ever smoked! And Camels will not tire your taste!

Camels are sold everywhere in scientifically sealed packages, 20 for 10c, or ten packages (200 cigarettes) in a glass paper-covered carton for \$1.00. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

The stamp placed over and seals the package, which keeps out air, thereby preserving the quality of the blended tobaccos. By inserting the fingers as illustrated, the stamp easily breaks without tearing the tin foil, which folds back into its place.
